

Mountain Amateur Radio Club

Minutes of the Meeting

16 June 2010

We began the monthly meeting at 7:01 pm, with Dean Buckhouse (KB0VVA) presiding. Following intro's all around, we read the minutes of the prior meeting. A correction was noted, to date of the July VE session. A motion to approve the minutes was made by Jeff Smith (KB0YCI), seconded by Scott Trumpeter (N0LNE).

On July 3rd there will be a VE session. The Tech exam will be from the NEW Tech pool of questions. Club dues are still coming in. Field day is June 25-27. Mike Stansberry (K0TER) will be the coordinator. Setup will begin at noon on Friday. Camping is OK. There will be a BBQ Saturday night. Tear down will be Sunday at noon. Campers can stay later if desired. The Club Campfest will be August 27-29. There will be a pot-luck dinner on Saturday night.

There were no officer reports. Everyone is reminded to check out the RADA Cutlery on our website (NX0G.COM). We need a volunteer for the July meeting snacks.

Under Old Business, any meeting suggestions to Paul. We are planning some fox hunt activities for the September meeting. Still need ideas for July, August, October and November.

Under New Business, nothing. A quick repeater report. Dean indicated that he had heard a howl on the 685 repeater about one week prior, and had turned it off for one evening.

We began our break at 7:13. Quickly followed by Ken Smith (W0DST) introducing Mr Bob Stewart. Mr Stewart discussed space exploration, various shuttle adventures, etc. Much thanks to Bob and Ken.

Our meeting adjourned at 9:06 pm

Twenty members, two guests.
