

Mountain Amateur Radio Club

Minutes of the Meeting

21 July 2010

We began the monthly meeting at 7:06 pm with Dean Buckhouse (KB0VVA) presiding. Following intros all around, we read the minutes of the previous meeting. A motion to accept them was made by John Meyer (KB4PA), seconded by Mike Napier (K0MIS) and passed.

The next VE session is currently scheduled on September 4th. It was suggested to move it off of a holiday. August 27th thru the 29th will be the MARC Campfest at Dean Buckhouse's property in Lake George. The HF station will be there. There will be a potluck dinner on Saturday evening (this worked well at field day). The August and September meetings will be the Club Officer elections. Carol Wilson (KC0DTQ) will be bringing the snacks in August. We need additional volunteers for the following months.

Under Old Business, we still need more meeting presentation plans. The September meeting will include a Fox Hunt program. August presentation is still tentative. We are looking at an EMP presentation that was recorded from NAT-GEO. Dean Buckhouse intends to catch up with Anne on the status of the club QSL cards.

Under New Business, the 685 repeater still goofs up occasionally. If anyone needs the codes to de-link this, you can get them from Dean Buckhouse or Wes Wilson. In order to issue codes, you will need to be able to hit the repeater directly (no thru the links).

Paul and Kit lined up Detective Rick Williams from TCSO to talk about Colorado Life Track.

We began our break at 7:17

Our meeting adjourned at 8:08 pm

Nine members, two guests
