

Mountain Amateur Radio Club
Minutes of the Meeting
20 April 2011

The monthly meeting began at 7:55pm, following dinner at Fiesta Mexicana, with Dean Buckhouse (KBØVVA) presiding. After intro's all around, we discussed the upcoming Field Day, to be held at VVA's location, on June 24. Beginning noon on Friday for setup. The actual event is noon Saturday to noon Sunday. The Tour de Cure, on May 14th will be a fun ARES event and mostly in Teller County. Rob Roller has 11 operators so far, with needs for more.

Wes Wilson (K0HBZ) gave the Treasurer's report. A suggestion was made to have the Secretary put out postcards to previous members. We have had continued repeater howling issues. Attendance on the Tuesday night net is low. It was noted that our meeting attendance might be affected by TCSAR training overlap. A suggestion was made to have some special training focused on SAR communications.

A suggestion was made to issue the meeting minutes within a few days of the meeting, rather than just prior to the next meeting. People will have more memory of the issues.

The meeting adjourned at 8:10pm

Eighteen members, one guest

Submitted by Bill Wallick (KCØFNV), Secretary
