

**Mountain Amateur Radio Club**  
**Minutes of the Meeting**  
**16 April 2014**

Our meeting began at 1910, with Vice President Carol Wilson in charge. Following introductions all around, the minutes of the March meeting were read aloud. A motion to accept was made and passed. Carol then read the treasurer's report.

We talked about the proposed new repeater site in Lake George, and the recent Sky Warn training. We have a stack of the latest decals on Sky Warn.

Don Johnson talked about the latest in very inexpensive hand-held radios. They are business band certified, and we could actually wire two together to make a simple repeater.

There will be a VE session on May 03 at 10 am, at the Woodland Park Library.

The interference problem with the .015 repeater has cropped up again, and we talked about new repeater sites in the Cripple Creek area. We plan to talk with Mike Bernstein about a repeater on El Madre.

Our meeting adjourned at 1945

Seven members present.
