

Mountain Amateur Radio Club
Minutes of the Meeting
21 May 2014

Our meeting began at 1901, with Mike Stansberry in charge. Following intros all around, we read the minutes from the previous meeting. It was noted that Almagre is the correct spelling, and with that correction a motion to accept the minutes was made and passed.

The Treasurer was not present, but reported that our funds are OK.

It was noted that our repeater auto-patch is not available.

Under Old Business – The planned repeater site at Lake George, the paperwork has been sent to the “latest” forest service fellow.

We also need suggestions for meeting programs.

The club would like to purchase Mike Bernstein’s equipment and site located on Almagre. Don Johnson will work on this.

Don Johnson had brought in copies of the ARES frequency list, and brought more with him tonight.

Under New Business – It was discussed that we still do not have access to our current NX0G.org website. We either need to gain access, or move the site. It is currently on Tom Dawson’s server. We have left messages and received no replies.

Dean Buckhouse and Bill Wallick are to look for past credentials to the site and Don Johnson will try to contact Tom.

We had a general discussion labeled Lightning Memoirs.

Field Day will be June 28 and 29 at Dean Buckhouse’s location in Lake George. This is the same weekend as the Pikes Peak Hill Climb.

We had a general discussion labeled Packet Memoirs.

Our meeting adjourned at 2026

Seven members and one guest present.

Submitted by Bill Wallick (KCØFNV), Secretary
