

Mountain Amateur Radio Club
Minutes of the Meeting
16 July 2014

Our meeting began at 1910 with Mike Stansberry in charge. Following intros all around, Mike announced that Don Johnson had been called out of town, so the planned QRP program will not take place.

The Minutes of the previous meeting were read aloud and a motion to accept was made and passed.

There was no Treasurer's report.

Under Old Business - Field Day was held at Dean Buckhouse's place. There were two stations active. The weather was good, as was the BBQ. There were ten to twelve visitors over the weekend.

At the Teller County EOC, the antenna's are in, cables run, and the equipment has been programmed. There is still more work to do.

Under New Business – The MARC Campfest will be held at Dean Buckhouse's place. It could be over the Labor Day weekend, or the weekend before. There was a vote to have it over the Labor Day weekend. Also the Club will purchase the meat for the BBQ.

There ensued a general gab session on Linux, antennas, drilling holes in trailers, and radio warranties. Who knew there were all related ?

We also discussed club attendance issues, which seems to be a problem with other clubs in the area, as well.

It was noted that the local IEEE club was bringing in an interesting speaker soon. The information will be posted to our reflector.

Our meeting adjourned at 2002

Nine members present.
