

**Mountain Amateur Radio Club**  
**Minutes of the Meeting**  
**20 January 2016**

Our meeting began at 1906, with Mike Stansberry presiding. Following introductions all around the room (standing room only this meeting), we read the minutes from both the November and December meetings. Both sets of minutes were approved. Next, Laird Johnson gave the Treasurer's report.

Under Old Business – we purchased the Pelican cases for the Dstar and OEM portable equipment. The county has been given the request for reimbursement. Field Day will be June 24 and the MARC Campfest will be Aug 26.

Under New Business – we need to plan a session to setup the Pelican cases. We are also planning a training session on the Dstar equipment. Adams county is planning a swapfest on February 7.

Having numerous guests at the meeting, we explained what the club does, various aspects of Amateur Radio, Emergency services, Contesting, etc.

We took a short break, which was followed by a presentation on the 100 anniversary of the National Park Service. All year, they will be hosting a Nation Parks On The Air contest.

Our meeting adjourned at 2054.

12 members, 17 guests present
