

Mountain Amateur Radio Club

Minutes of the Meeting

21 July 2021

Our first IN PERSON meeting in over a year, began at 1906, with Ed Bretag (no jammies) presiding. We even had Mike (KØFYR) on zoom (wherever he was at).

Ed then did intros all around the room, including the zoom. Did I say we were IN PERSON.

The minutes from the previous meeting were discussed. A motion to accept the minutes was made, seconded and passed.

Laird was absent, but had sent notes to Bill, who did the Treasurer's report. General account 2643.22 VE account 291.43

Repeaters – we discussed the power loss at our Tranquil Acres repeater site. All good now. Also the Cripple Creek repeater is still light on the audio. All else is good.

We have a written agreement with the Woodland Park Library now, regarding the use of the meeting and VE session rooms.

Campfest – a suggestion was made to bring Mickey out to the campfest. August 27. Dean will have a lot of antennae, power and stuff for sale / take there.

We discussed plans for the Tarry-it-up cycle event on 21 August. There will be some testing done on using the Badger Mountain repeater to support this event. If this works a suggestion was made to unlink that repeater and offer it for use.

The MARC system will probably also be used on 07 August for the Peak Cycle Hill Climb.

There was discussion on the EchoLink project, for our repeaters. Also discussed utilizing AllStar with EchoLink.

Ed had various books (radio type) available for borrow.

Our meeting adjourned at 2008.

19 Members, one guest (IN PERSON)

Submitted by Bill Wallick (KØFNV), Secretary.
